

# ANURAG GUPTA

Jalalpur, Ambedkar Nagar, Uttar Pradesh, India | BCA Student | Aspiring C# / .NET Developer

## PROFILE

BCA student interested in software and web development. Currently learning C#, .NET and Microsoft SQL Server, along with HTML, CSS and JavaScript. I enjoy solving programming problems, learning new technologies and building small practical projects. Looking for an entry-level opportunity where I can learn from a development team and improve my skills.

## TECHNICAL SKILLS

|           |                                                                  |
|-----------|------------------------------------------------------------------|
| Languages | C#, JavaScript, SQL                                              |
| Web       | HTML5, CSS3, Responsive Web Design                               |
| .NET      | C# fundamentals, .NET fundamentals, ASP.NET Core basics          |
| Database  | Microsoft SQL Server, SQL, CRUD, Joins, Primary Key, Foreign Key |
| Tools     | Visual Studio Code, Git, GitHub, Command Prompt                  |

## EDUCATION

### Bachelor of Computer Applications (BCA)

Makhanlal Chaturvedi National University of Journalism and Communication (MCU), Bhopal  
Currently pursuing — Second Year

## PROJECTS

- **Personal Portfolio Website** — Created a simple responsive portfolio using HTML, CSS and JavaScript. The website presents personal information, education, technical skills and project work.
- **SQL Database Practice** — Practiced creating databases and tables in Microsoft SQL Server, inserting and updating records, using keys and relationships, and writing basic SQL queries and joins.
- **Full-Stack Learning Project** — Practicing the connection between a C#/.NET backend and a SQL Server database while learning basic application structure and CRUD operations.

## STRENGTHS

- Problem solving and logical thinking
- Good communication and willingness to learn
- Consistent practice and self-learning
- Basic understanding of web and database development
- Teamwork and time management

## CAREER INTEREST

Entry-level Software Developer, C#/.NET Developer, Junior Web Developer or Full-Stack Developer.
